Dear Parent/Guardian,

## **END OF FIRST TERM 2018 CIRCULAR**

On behalf of Little Muheji School (L.I.M.S) and the school community, I have the honour to express our appreciation for your continued support and for being honest partners. We continue to celebrate the Almighty's kindness and love. It is my singular honour and duty to update you as we end the first term.

### **Key updates**

- a. We have had an excellent first term and hence a good start of the year 2018. Overall learning has taken place, the Almighty continued to be merciful and blessed us with good health and our children remained smart and enjoying their cherished school.
- b. **Impressive performance during 2017 PLE:** Our 5<sup>th</sup> cohort of pioneers made us proud by two children scoring aggregate 4 and 103 pupils (84%) in 1<sup>st</sup> grade out of 120 total candidates. I am pleased that they joined the traditional 1<sup>st</sup> class secondary schools. We owe this to the Almighty, our long-standing committed Staff, Parents with whom we have moved together as partners for twelve years and the pupils that remained disciplined and committed. We continue to follow-up our old students now in secondary schools and we are satisfied that they have continued to excel and defend what they got at P7 at L.I.M.S.
- c. **Winning the chess Game:** I am pleased to inform you that our pupil Turibamwe Elizabeth won the international chess games and received a trophy and our school was recognized internationally.
- d. **Participation in United States of America organized School Science Fair:** The Science fair is a Pinewood Derby Racing event where 200 children from 20 schools around Kampala and Wakiso Districts participated, and we took the third position with 10 pupils modeling the best cars. The program aims at promoting Science, Technology, Engineering and Mathematics (STEM) for children to experiment with engineering and to understand the difference between kinetic and potential energy.
- e. **State of ART Boarding Facilities:** I am pleased to report that the school completed the construction of state of Art Boarding facilities and they were blessed by Rev. Samuel Muwonge attached to Namirembe Diocese. Kindly note that boarding facility are not compulsory, and so, we have limited boarding facilities and we remain strict not to congest them. Accordingly, we will provide these services on first come first served basis, only for those who will have cleared boarding fees to zero balance.
- f. **Internal and external assessments:** We have continued to expose the pupils to internal and external assessments. Kindly review the assessments with your child and strategize for next term. To re-affirm that, pupils are assessed on holiday package, beginning

of term, midterm and end of term exams as a school norm. Kindly study the child's report card to see how he/she performed in her/his stream and in the entire class and use the holidays to discuss and support your child accordingly.

- g. **Class Day:** The Class Day for all classes was held on 24<sup>th</sup> March, 2018 and this provided an opportunity for parents to interact and dialogue with teachers basing on culture, co-curricular and performance aspects of their children. The exercise provided excellent feedback for the school on areas of improvement. The school is extremely grateful for parents that were able to discuss with their pupils and we encourage those that were unable to come to prioritize this as part of their investment.
- h. **Visitation Day:** Parents are appreciated for taking time to visit their pupils on 8<sup>th</sup> March, 2018 I, however, want to clarify that there is only one Visitation Day per term and thus we strongly advise parents that come every weekend to stop the practice.
- i. **School trips:** These were conducted from 26<sup>th</sup> – 29<sup>th</sup> March, 2018 for the entire school. Once again, this gave the pupils an opportunity to give reality to what they study in class, enhanced their exposure, and relaxed their mind. Thank you for supporting this initiative.
- j. **Religious lessons:** The school has continued to bring on board religious leaders on periodic basis to provide overall and specific teachings to our young ones according to their religious faiths. We remain keen in producing respectful future citizens that respect their religious affiliations.
- k. **Music Dance and Drama:** As part of taking learning outside the class room, Fridays have continued to be designated as co-curricular activity days and the activities done include; singing, scouting, counseling, running and competitions between classes, streams and staff. The Little Muheji sports ground has continued to make a difference.
- l. **End of Term:** We have ended 1st Term and each pupil has been given a Report, weekly set-results, a circular, a bank slip and a holiday package.
